

Custom HOME OF THE WEEK

- 3,193 sq. ft.
- 4 Bedrooms
- 2.5 Baths
- Bonus Room
- Great Room
- Sunroom
- Parlor
- Covered Patio

MC MC CONSTRUCTION CONSULTANTS, INC.

Dreams and plans finally become reality

By ELIZABETH BENNETT

The style of Mrs. Butler's home came as no surprise to her. She had envisioned it for years.

"I always dreamed of doing a custom home and knew exactly what I wanted in a floor plan and how it would flow."

She and her husband finally got that home when they contracted Mike Cohen, owner of MC Construction Consultants Inc., to make those dreams a reality. Mrs. Butler was surprised at how easily her wants and wishes took physical form, thanks to the creative thinking of Cohen.

As the couple went through their list, Cohen sketched. He added the pillars Mrs. Butler had wanted on her front porch for so long, then he drew the specific locations of the rooms. He noted that the couple wanted their home to have easy care cherry wood floors to fit their busy lifestyle and to accent their furnishings.

Mrs. Butler had also imagined a kitchen

that opened to a sunroom that would be used for entertaining. Her dream bedroom would be large enough for a sitting area, and it would have a double-sided fireplace that could also be enjoyed from a Jacuzzi tub in the master bathroom.

She got all that and much more in her 3,193-square-foot home, and she is thrilled.

On the ground floor is the kitchen and adjoining sunroom that Mrs. Butler often dreamed of having. Light also flows in the great room from large windows that reach to the ceiling and add a spectacular view from the upper level loft.

The master bedroom was designed to the couple's specifications, down to his and her walk-in closets and a fireplace that lends ambiance to both the bedroom and bathroom.

Upstairs are three bedrooms, a full bath and a media room with a large built-in bar that's been named "Butler's Pub." According to Mrs. Butler, that room is her

husband's favorite space in the house. It offers relief after a tough day at work and is a quiet place for cozy evenings in front of the TV.

The couple not only love their new home, they enjoyed the entire building process.

"MC Construction made it all so easy and fun," Mrs. Butler said. "Once we agreed on the design, we were turned over to customer coordinator, Hayley Cole, who basically held our hand through the whole process. She's awesome. She even went with us to pick out fixtures and made sure we didn't go over budget. They gave us a calendar so we knew where the process was at all times. We knew what day the lumber would be dropped off and we knew exactly where things were at each stage."

So, how does Mrs. Butler's longtime dream compare to the real thing?

"I am just so happy with it. It's a dream home and it's beautiful."

Over 25 Years of Unique Designing, Building & Craftsmanship

Custom
Homes are our
Specialty

- Custom plan design
- Quality craftsmanship
- Professional project management
- Accurate estimation of your project
